LETTER OF COMMENDATION

1. United Nations Peace-keeping missions are fundamental in creating the conditions to settle disputes peacefully. As Peacekeepers you are a catalyst for peace rather than an instrument of war, and in this most difficult task you clearly stand apart for your extraordinary service in BH Command.

2. I wish to formally acknowledge and thank you all for your outstanding performance. You have been a decided asset to UNPROFOR and to Bosnia-Herzegovina Command. Your demonstrated professionalism and dedication is a source of pride for me, your Service and your Nation. It has been a privilege to have had you under my Command.

Philippe Morillon  
Lieutenant-General  
Commander
